**Each One a Minister** begins as a study of Ephesians. You engage in discovering the meaning of church, ministry and gifts, from the early church up to the present. You look at ways in which God's gifts are practical as well as spiritual.

Four ministry categories - receive, relate, equip, send - are identified. Through scripture readings, activities, and ways to implement specific ministries you are encouraged to discover God's call to ministry in your own life. Each One a Minister leads you toward practical ways to use your gifts in ministries in your congregation, your relationships and in your community. This course helps you to identify and use your God-given gifts in meaningful ways.
