The Conference Board of Pensions and Health Benefits approved to maintain the same health insurance plans for 2019. Both the PPO B1000 and the CDHP C2000 plans will still be offered, and both will have a personal contribution of 2% of pension-based salary (salary+housing).

A Benefit Comparison for both plans, including co-pays and co-insurance, will be available on the Benefits Office website by the first day of Annual Election, as well as through HealthFlex/WebMD's annual election page.

### **Electing a Plan**

The default election is passive for all participants. If you do not log into WebMD to change your coverage plan, you will be kept in the same plan you had for 2018. THIS DOES NOT INCLUDE FLEXIBLE SPENDING ACCOUNTS.

### **First Time Enrollment**

To enroll in HealthFlex for the first time, complete a HealthFlex Enrollment/Change Form and return it to the Benefits Office **by November 14** for processing. The form will be available on the Conference Benefits Office website during the Annual Election period.

### **Adding/Removing Dependents**

To add/remove dependents from a plan, complete a HealthFlex Enrollment/Change Form and return it to the Benefits Office **by November 14** for processing. The form will be available on the Conference Benefits Office website during the Annual Election period.

### **Flexible Spending Accounts/Dependent Care Accounts**

Participants **must go online to elect** a Flexible Spending Account (FSA aka Medical Reimbursement Account) or a Dependent Care Account (DCA) for 2019. FSAs can be between \$300 and \$2,650. DCAs can be up to \$5,000 (other restrictions may apply). The FSA/DCA is paid by the participant through a **pre-tax payroll deduction**.

### **Prescription Benefit**

Participants will still be able to pick up 90-day supply of maintenance prescriptions through Walgreens.

**Blueprint for Wellness and HealthQuotient program dates for completion will be extended for ease of completion. The Program dates are January 2-July 31, 2019. All participation must be completed for well-being during that timeframe.**
