How Do I Choose My HealthFlex Plans?

What Is Great About HealthFlex?

Plan Options to Meet Your Unique Needs

Everyone’s health care needs are different. What works for one individual may not be the best for a family or person with different medical or financial circumstances. With HealthFlex, you choose the plans that are best for you.

You can select from:

6 Medical

Up to 3 Dental

3 Vision

With flexibility to select the plans that best fit your budget and health care needs, and more choice over how to allocate your Premium Credit, HealthFlex puts you in control.

Shop for Coverage With Your Premium Credit

A Premium Credit is tax-free money given to you by your annual conference or employer to help toward the premium (or cost) of your HealthFlex coverage. This money is specifically for purchasing the HealthFlex coverage you select. Your credit is applied to your premium—offsetting *what you owe each month*.

Premium Credit Example

	Monthly Premium Credit Amount	Monthly Premium	Difference
Pastor John	\$900	\$1,000	-\$100

Pastor John’s church or employer **withholds** \$100/month from his paycheck for additional premium costs.

ALEX Benefits Counselor

ALEX is a tool to help you select the right plans. The “benefits counselor” will ask a series of questions to help determine which plans may be the best fit for you.

Use ALEX to:

- Estimate out-of-pocket costs, such as deductibles, co-payments or co-insurance
- Compare HealthFlex plans, see which plan might cost the least overall and learn which plan might be most cost efficient if unexpected costs arise
- Estimate health account contributions

To access ALEX, log into BenefitsAccess.org, select the **Health Details** button and then choose **Plan Details** at the top of the page. From mid-September through the end of annual election on November 16, you also can look for a banner in Benefits Access that will direct you to ALEX.

⁴ The Premier plan allows for two pairs of glasses every 12 months, or one pair of glasses and contact lenses.

How Do Health Accounts Work?

Choosing a plan with a health account option may save you money on taxes and help you better manage your health care expenses. HSAs, HRAs and FSAs are all offered by HealthFlex. They share some similar traits, but have important differences.

	HealthFlex HSA	HealthFlex HRA	HealthFlex Health Care FSA
Which Plans?	NEW H2000, H2500, H5000*	C2000, C3000	All

 ** Please consult your tax adviser if you will soon be Medicare-eligible. There may be additional tax implications.

Make Your 2024 HealthFlex Elections— November 1 through November 16, 2023

This is your only opportunity to select 2024 HealthFlex benefits, change who you'll cover and elect health account contributions. To make your elections for 2024, log into **BenefitsAccess.org** and click the link for **Annual Election** at the top of the page beginning November 1.

- Use ALEX Benefits Counselor to estimate costs under each plan and explore your health account options
- Select your HealthFlex plans—medical, dental and vision
- Choose which eligible dependents to cover in 2024
- Contribute to health accounts for pre-tax savings in 2024 and to save for future health needs

If you don't make any elections, you will either remain in your current elections or default into the plan chosen by your plan sponsor. If you are making health account contributions in 2023, they will not continue into 2024. HSA contributions can be changed mid-year, but FSA contributions cannot.

After Annual Election, you can only change benefits, add or drop dependents, or make new FSA elections if you experience a qualifying "change of status" event, such as marriage, divorce, death of a spouse, birth/adoption of a child, or loss of spouse's health coverage.

If you have an HSA, you can change your HSA elections/contributions through November of that year, without a change of status event. However, you cannot reduce your contributions mid-year to an amount less than you have already contributed year-to-date.
