MINISTRY SHARES ARE IMPORTANT TO YOUR MEDIA RESOURCE CENTER

As the budget was discussed at Annual Conference and the amount of ministry shares that are actually being paid, I was hoping that people took notice. The Media Resource Center line item for new resources is a variable line item that is affected when ministry shares are not paid. Due to the amount available, I am only allowed to spend 40% of my projected budget for new resources this year. This in turn affects what I can offer the local church.

I work very hard to be a good steward of the budget I have to work with. I look for resources that support the vision, mission, and ministry of the United Methodist Church that are theologically sound, also realizing that covers a wide spectrum in our local churches. I try to make multiple copies of popular resources available, especially during Advent and Lent. I will be more limited for the remainder of this year in what new studies and how many copies I can offer.

I am looking for donations of the following complete Vacation Bible School Kits this year to help other churches next year: ***Everest, Weird Animals, and G-Force***. If you have one you would like to donate after you have finished, please let me know.

A REMINDER TO ALL PASTORS CHANGING APPOINTMENTS

Please make sure that any resources you have signed out at your present appointment are cared for before you move at the end of this month. If your present church will still be using them, you may call or email the resource center to have them transferred to another name. If you are planning to continue to use them over the summer at your new appointment, I need to know that too. This is the time of year when things can get misplaced in the moving process and I appreciated your help.
